If Stewardship Ontario disputes the right of Waste Diversion Ontario to terminate this Agreement pursuant to Subsection 17.1, Stewardship Ontario shall be required to give written notice of the dispute to Waste Diversion Ontario within ten (10) days of receiving written notice of breach from Waste Diversion Ontario and, if the parties have not resolved the dispute pursuant to paragraphs 16.2(a)-(c) above within twenty (20) days thereafter, the parties shall, at the option of Stewardship Ontario, proceed to arbitration pursuant to paragraph 16.2(d) above and the arbitrator shall be directed to deliver a written decision within ninety (90) Business Days of the written notice of breach. ONTARIO REGULATION 387/16

made under the

WASTE DIVERSION TRANSITION ACT, 2016

Made: October 26, 2016

Filed: November 24, 2016

Published on e-Laws: November 24, 2016

Printed in The Ontario Gazette: December 10, 2016

MUNICIPAL HAZARDOUS OR SPECIAL WASTE

Fees to be Paid by Stewards

3.(1) In this section,

“fiscal quarter” means the three-month period that begins on January 1, April 1, July 1 or October 1.

- (2) Stewardship Ontario shall, no later than 90 days after the end of each fiscal quarter, determine the amount of a fee that must be paid in respect of that fiscal quarter by a steward designated in respect of municipal hazardous or special waste in a class of municipal hazardous or special waste using the following formula:

$$A = B \times C / D$$

where,

A = the fee to be paid by the steward,

B = the costs related to the class during the fiscal quarter in respect of which the fee is to be paid,

C = the quantity of material that is commercially connected to the class and that was supplied by the steward during the fiscal quarter that occurred before the fiscal quarter in respect of which the fee is to be paid,

D = the quantity of material that is commercially connected to the class and that was supplied by all stewards in respect of that class during the fiscal quarter that occurred before the fiscal quarter in respect of which the fee is to be paid.

(3) For the purposes of subsection (1),

- (a) the quantity of material supplied by a steward is determined by applying the method for reporting that quantity to Stewardship Ontario as set out in a rule continued under clause 9 (2) (b) of the Act or made under clause 33 (1) (g) of the Act or under a regulation made under subsection 73 (3) of the Act; and

- (b) the costs related to a class of municipal hazardous or special waste must not exceed the sum of the amounts described in paragraph 1 of subsection 33 (5) of the Act that were incurred in relation to the class, subject to subsection (4).
- (4) Unless a rule continued under clause 9 (2) (b) of the Act or made under clause 33 (1) (c) of the Act prescribes times when a fee determined under this section is to be paid, the fee shall be paid no later than 180 days following the end of the fiscal quarter in respect of which the fee is required to be paid.
- (5) Stewardship Ontario shall, at least 30 days before a fee or the first instalment of a fee determined under this section is required to be paid by a steward in respect of a fiscal quarter, provide written notice of the following to the steward:
1. The amount of the fee to be paid by the steward.
 2. If the fee may be paid in instalments, the amount of each instalment.
 3. The date or dates on or before which all amounts must be paid.
- (6) If this Regulation comes into force on a day that is not the first day of a fiscal quarter, the sum of the following amounts shall be used for the purposes of determining the costs related to a class of municipal hazardous or special waste for the fiscal quarter during which this Regulation comes into force:
1. The amounts described in paragraph 1 of subsection 33 (5) of the Act that were incurred in relation to the class during that fiscal quarter.
 2. The amounts described in paragraph 1 of subsection 30 (3) of the *Waste Diversion Act, 2002* that were incurred in relation to the class during that fiscal quarter.

Commencement

4. This Regulation comes into force on the later of the day clause 73 (1) (b) of Schedule 2 to the *Waste-Free Ontario Act, 2016* comes into force and the day this Regulation is filed.

POLICY FOR STEWARD-INITIATED ADJUSTMENT REQUESTS

KEY FEATURES:

- Stewards can request adjustments to submitted reports for a maximum of two years (8 quarters) from the report submission deadline, subject to the revised deadlines imposed expressly or by implication as a result of the MHSW Approved Wind Up Plan.
- Adjustment requests must include supporting documentation.
- Only adjustments that meet the policy requirements will be processed.

I. Overview

1. This policy provides guidance to MHSW stewards as to the types of adjustments that may be allowed.

II. Purpose

2. The Policy for Steward-Initiated Adjustments promotes fairness and consistency for all MHSW stewards and enables the MHSW program to operate in a cost-effective manner.
3. The two-year (8 quarter) time limit, or such shorter time limit expressly or by implication imposed by the MHSW Approved Wind Up Plan:
 - (a) helps stabilize fees as adjustments can impact the total quantities of supplied materials (i.e. steward-reported quantities) which in turn impacts fee setting for the subsequent period or year. For example, where an adjustment results in a credit, these funds must be recouped in the subsequent period or year from steward fees and will be added to the program's budget; and
 - (b) provides stewards with sufficient time to identify possible issues in their reports and submit adjustment requests. The table below stipulates the deadlines.

III. Scope

4. This policy applies to all adjustment requests submitted on or after January 1, 2020, regardless of the data or reporting period/year associated with the adjustment request, initiated by stewards and voluntary reporters ("Stewards") meeting their regulatory stewardship obligations with the Stewardship Ontario (SO) Municipal Hazardous or Special Waste Program (MHSW).

5. This policy:
 - (a) shall remain in force from the time that it is posted on the Stewardship Ontario website until the time it is replaced; and
 - (b) shall be automatically amended by substituting the year appearing in this policy with the subsequent year, unless or until a new policy is posted on the Stewardship Ontario website.

IV. Policy

Reporting and Payments Must be Up-to-Date

6. Only Stewards whose reporting and payments to the program are up-to-date may make an adjustment request.

Time Limit for Adjustment Requests

7. Stewards can request adjustments for a period of up to 8 quarters (or such shorter time limit expressly or by implication imposed by the MHSW Approved Wind Up Plan) from the associated report submission deadline (regardless of the date the steward submitted its report).

Stewards Who Have Exited a Program

8. A Steward who has exited a program:
 - (a) may file an adjustment request within 30 calendar days of exiting the program, following which no adjustment request may be filed; and
 - (b) will be credited or debited within 90 calendar days, unless the adjustment request requires a third party review.

How to Make an Adjustment Request

9. All Stewards who wish to make an adjustment request must:
 - (a) submit a completed and signed [Adjustment Request Form](#), and email it to werecycle@stewardshipontario.ca; and
 - (b) provide accompanying supporting documentation.

Contents of Adjustment Request form and Supporting Documentation

10. Adjustment requests must include:
 - (a) clear and detailed supporting documentation and narratives to explain each of the errors; and
 - (b) an audit trail that, if followed, would confirm the legitimacy of the adjustment request.
11. If there are multiple errors in a single report, Stewards must include all relevant information for all errors as only one adjustment request will be considered for each year's report.
12. See Appendix A: "Steps to Complete an Adjustment Request" for step-by-step guidance on submitting an adjustment request.

Credits and Debits

13. Following assessment of the Steward's adjustment request:
 - (a) credits will be immediately applied to the Steward's MHSM account so that it is available to the Steward to access the credit against the next program invoice; and
 - (b) debits are due within 30 days of issue date.

Permitted Adjustments

14. Subject to adequate substantiation, adjustment requests that will be considered are limited to the following circumstances:
 - (a) incorrect formula in Excel spreadsheet or similar "tool";
 - (b) incorrect logic in Excel spreadsheet or similar "tool";
 - (c) material classification error;
 - (d)
 - (e) exclusion of materials in error;
 - (f) inclusion of material for which another steward is obligated;
 - (g) inclusion of non-obligated MHSM materials;
 - (h) actual data to replace estimates used by newly on-boarded stewards.

Non-Permitted Adjustments

15. Adjustment that will not be accepted include, but are not limited to:
 - (a) Adjustments resulting from reporting methodology changes:**
 - (i) changing from the use of calculators to the reporting of "actuals";
 - (ii) application of a new study or change in internal processes that identifies previous errors in reported quantities;⁷
 - (iii) changing percentage allocations;
 - (b) Adjustments on adjustments:**

Requests will not be considered for changes to a report where the Steward previously requested an adjustment for the same report, regardless of whether the Steward is seeking the same or a different adjustment to the previously submitted report.
 - (c) Adjustments due to changes to your business model such as divestments, mergers or acquisitions:**

If part of a Steward's business is acquired or divested in a given calendar year, the impact of those changes, if any, must be included during the next reporting cycle, but the Steward will not be permitted to make an adjustment to a previously submitted report.
 - (d) Adjustments with inadequate substantiation and supporting documentation:**
 - (i) Stewards may be required to undergo a third-party review, at the Steward's expense, in order to have their adjustment requests validated and processed.

⁷ Efforts to improve the accuracy of reports are appreciated, and can be used for future reports, but cannot be applied retroactively.

- (ii) If an incomplete package is submitted or additional substantiation is required by Stewardship Ontario, the Steward will be notified and must provide the additional documentation within 30 days of notification. A Steward's adjustment request will be closed where the Steward fails to provide additional information requested by the program(s) within 30 days.

Processing Time

16. Adjustments can take from weeks to months to process. The amount of time is a function of a number of factors that include complexity, the completeness of the Steward's supporting documentation, and the number of adjustments in the queue.

Third-Party Reviews

17. A third-party review is a detailed examination of a steward's methodology and data collection and reporting processes conducted by an independent consultant.
18. Stewardship Ontario reserves the right to initiate a third-party review of an adjustment request, and may do so in its sole discretion.
19. Third-party reviews will be paid for by the affected Steward. In the event that Stewardship Ontario determines that a third-party review is warranted, a Steward's refusal to participate in or pay for a third-party review will result in the Steward's adjustment request being closed.
20. The scope and cost of the review will be outlined in a contract with the Steward.
21. The professional services firm engaged to undertake the review will be required to ensure its independence.
22. Every effort will be made to collaborate with the Steward with respect to the review process and timing.

CHECK THE ACCURACY OF YOUR REPORTS

- All stewards are advised to take the following steps to identify potential errors in their reports on a timely basis:
- Carefully review Submission Detail Report (SDR) which is available on the WeRecycle Reporting Portal immediately upon submission of your steward report for accuracy.
- Review your quarterly invoice for evidence of any errors (e.g. your invoice is significantly higher or lower than expected).
- Contact Stewardship Ontario as soon as possible after identifying a potential error.

Appendix F
PENALTY AND INTEREST POLICY

KEY FEATURES:

- **Penalty and/or interest charges will apply for obligated stewards who:**
 - Fail to meet their registration obligations in accordance with program deadlines;
 - Fail to file their reports in accordance with program deadlines; and/or
 - Intentionally file an inaccurate report; and/or
 - Fail to pay an invoice according to program deadlines

I. Overview

1. This policy provides guidance to stewards regarding conduct that will result in the application of penalties, and/or interest.
2. Nothing in this policy limits a program's ability to escalate a steward to the applicable Ministry or Authority as specified in the governing legislation.

II. Purpose

3. The Penalty and Interest Policy promotes fairness and consistency for all Stewards and enables the Municipal Hazardous or Special Waste Program (MHSW) Program to operate in a cost-effective manner by applying a set of consistent penalties and interest to serve as a deterrent to noncompliance.

III. Scope

4. This policy applies effective January 1, 2020 for all stewards and voluntary reporters ("stewards") meeting their regulatory stewardship obligations with the Stewardship Ontario MHSW Program.

IV. Policy

5. Definitions

- (a) **“Obligation Date”** is the date that a steward begins supplying Municipal Hazardous or Special Waste Material (MHSM), after which they have 60 days to register with the Stewardship Ontario MHSW Program.⁸
- (b) **“Reporting Deadline”** is the date that Quarterly MHSW Steward Reports are due as per Appendix C of the MHSW Rules.
- (c) **“Substantiation Request Date”** is the date on which the program provides the steward with written notice, by email, that the Penalty and Interest Policy will apply if the steward has not provided substantiation within the 30 days following such notice regarding one or more Quarterly Steward Report (MHSW) submitted via the WeRecycle Portal.
- (d) **“Payment Due Date”** is the date that payment is due for an invoice associated with a steward’s account. The Payment Due Date can be found on each invoice.

6. Penalties and interest will be applied in the scenarios outlined in the following charts.

⁸ Ontario stewards are obligated from the date they were notified of the Stewardship Ontario Rules. As of 2016, Ontario stewards are deemed to have been notified at the time the Stewardship Ontario Rules were posted on Stewardship Ontario's website. Ontario stewards that were notified of the Stewardship Ontario Rules by email or mail prior to 2018 are obligated from the date of that notice.

Appendix G

A. Background

Section 3.2.6 of the *Amended Municipal Hazardous or Special Waste Wind Up Plan* (MHSW WUP) outlined the communication activities associated with the Fee Reduction notices. The communication activities were focused on ensuring that SO Stewards and ISO Members were aware that the Fee Reduction notices would reduce their costs and this reduction should be factored into business pricing strategies. In doing so, the Minister's expectation that consumers would benefit from the fee reduction would be satisfied.

B. Eligible Stewards and ISO Members There are six cohorts of Stewards/ ISO Members that will need to be considered for distribution of fee reduction credits, of which only three would be eligible. These cohorts are defined as follows:

1. **Active Steward** – current, obligated stewards in the MHSW program
2. **Inactive Steward** – previously obligated stewards in the MHSW program that have exited either due to:
 - a. Continued operation but no longer supplying MHSW in Ontario
 - b. Ceased operation (e.g. no longer in business)
3. **Active Former Steward** – current, active ISO Member that were previously obligated stewards in Stewardship Ontario's MHSW program
4. **Inactive Former Steward**
 - a. was previously an obligated steward in Stewardship Ontario's MHSW program
 - b. exited the MHSW program to become an ISO Member
 - c. subsequently terminated active membership with ISO and is no longer an obligated steward for the MHSW program (e.g. no longer in business)
5. **Active ISO Member** – current, active ISO Member that did not have a prior obligation to report in Stewardship Ontario's MHSW program (e.g. newly established business)
6. **Inactive ISO Member** – inactive ISO Member that did not have a prior obligation to report in Stewardship Ontario's MHSW program (e.g. no longer in business)

	Cohort	Eligible for Fee Reduction?	Governing Document
1	Active Steward	Yes	Amended MHSW Rules
2	Inactive Steward	No	Amended MHSW Rules
3	Active Former Steward	Yes	Amended MHSW Rules
4	Inactive Former Steward	No	Amended MHSW Rules
5	Active ISO Member	Yes	Stewardship Ontario Fee Reduction Agreement
6	Inactive ISO Member	No	Stewardship Ontario Fee Reduction Agreement

C. Eligible Fees

Steward Share Assessment

Material category fees eligible for the application of a fee reduction will be determined by the Steward Share Assessment (SSA) calculation for the applicable Fee Obligation Period as forecasted in Section 8.3.3. MHSW Fee Reduction Schedules of the MHSW WUP.

Sample SSA Scenario

- Report Deadline = October 31, 2019
- SSA Calculation Date = January 15, 2020
- SSA Fees Payable = \$100
- Fee Reduction Calculation Date = January 15, 2020
- Fee Reduction Rate = 98%

	Scenario	Actual Report Submission Date	Actual SSA Calculation Date	SSA Fees Payable	Eligible for Fee Reduction?	Fee Reduction Amount
1	<ul style="list-style-type: none"> Report on time SSA on time 	Oct 31, 2019	Jan 15, 2020	\$100	Yes	\$100 x 98% = \$98
2	<ul style="list-style-type: none"> Nil Report on time SSA on time 	Oct 31, 2019	Jan 15, 2020	\$0	Yes	\$0 x 98% = \$0

Reports Submitted After Wind Up Date

Active Stewards, Former Stewards and ISO Members who submit their Reports after the wind up date of:

- (a) June 30, 2020 for Batteries; and
- (b) June 30, 2021 for all other MHSW Materials

may lose their right to a Fee Reduction or an ISO Distribution.

Adjustments Program Corrections

Where:

- (a) a Steward requests an Adjustment in accordance with the Steward-Initiated Adjustment Policy; or
- (b) the MHSW Program undertakes a Program correction (due to an error by the Steward)

that results in a debit to the Steward, the Steward's Fee Reduction will continue to be calculated on the basis of the original quantity of MHSW Material reported by the Steward prior to the adjustment or correction.

Where:

- (a) a Steward requests an Adjustment in accordance with the Steward-Initiated Adjustment Policy; or
 - (b) the Program undertakes a Program correction (due to an error by the Steward)
- that results in a credit to the Steward, the Steward's Fee Reduction will be recalculated based on the revised quantity of MHSW Material reported by the Steward prior to the adjustment or correction.

Sample SSA Scenario

- Report Deadline = October 31, 2019
- SSA Calculation Date = January 15, 2020
- SSA Fees Payable = \$100
- Fee Reduction Calculation Date = January 15, 2020
- Fee Reduction Rate = 98%

D. Administrative Errors

The Fee Reduction calculation for any Fee Obligation Period will be adjusted for the following conditions:

1. Program calculates and/or distributes an incorrect fee reduction resulting in an overstated credit for a steward
2. Program calculates and/or distributes an incorrect fee reduction resulting in an understated credit for a steward

Sample SSA Scenario

- Report Deadline = October 31, 2019
- SSA Calculation Date = January 15, 2020
- SSA Fees Payable = \$100
- Fee Reduction Calculation Date = January 15, 2020
- Fee Reduction Rate = 98%

E. Annual True-Up

The Fee Reduction calculation for any Fee Obligation Period will applied one-time only for an SSA quarter and will not be adjusted for any of the following conditions:

1. Active Steward received an Annual True Up debit for a material category for a relevant fee reduction distribution period.
2. Active Steward received an Annual True Up credit for a material category for a relevant fee reduction distribution period.

Sample SSA Scenario

- Report Deadline = October 31, 2019
- SSA Calculation Date = January 15, 2020
- SSA Fees Payable = \$100
- Fee Reduction Calculation Date = January 15, 2020
- Fee Reduction Rate = 98%

Item	Scenario	Actual Report Submission Date	Actual SSA Calculation Date	Fees Payable	Eligible for Fee Reduction Adjustment?	Fee Reduction Amount
1	<ul style="list-style-type: none"> • ATU credit • Fee reduction overstated 	Oct 31, 2019	Jan 15, 2020	SSA=\$100 ATU=-\$20	No	SSA: \$100 x 98% = \$98 ATU: n/a

F. Criteria for Distribution of Fee Reductions

Once a fee reduction has been calculated for a Steward, Former Steward and/or an ISO Member, they must meet the following criteria for the release of the fee reduction for any distribution period:

1. The organization is in good standing with respect to reporting obligations for the MHSW program at the time of the fee reduction distribution.
2. The organization is in good standing with respect to payment obligations for the MHSW program at the time of the fee reduction distribution.

Should a Steward, Former Steward or ISO Member meet the criteria for distribution a fee reduction outside of a quarterly billing cycle, Stewardship Ontario will release the fee reduction at the next billing opportunity.

Good Standing – Reporting Obligations

All Stewards and Former Stewards of MHSW program must be compliant with reporting obligations as outlined in the Amended Rules for Stewards in order to receive a fee reduction distribution. Good standing status will be assessed at each instance of a fee reduction distribution.

Good Standing – Payment Obligations

All Stewards, Former Stewards of MHSW program must be compliant with payment obligations as outlined in the Amended Rules for Stewards in order to receive a fee reduction distribution. Good standing status will be assessed at each instance of a fee reduction distribution.
